Kaiser Permanente works in partnership with other health organizations to learn about the issues and conditions impacting the health of our communities by reviewing data sources and talking with public health experts and community stakeholders. This snapshot displays Kaiser Permanente's strategies, 2017-2019, to respond to some of the most pressing needs in our community, leveraging our unique resources and expertise.

Areas of Focus

Access to Care

- ◆ Increase and systematize access to needed social non-medical services

Healthy Eating Active Living (HEAL)

- ◆ Increase access to healthy, affordable foods, including fresh produce, and decrease access to unhealthy food
- ◆ Increase access to physical activity opportunities in schools and the community

Mental Health & Wellness

- ◆ Provide screening and identification related to behavioral health needs among low income, vulnerable and uninsured populations and connect them with the appropriate services or support

*Federal Poverty Level (200% FPL for a family of four ranged from \$47,100 to \$48,500 between 2013 and 2015)
